The Great Illusion is a book by Norman Angell, first published in the United Kingdom in 1909 under the title *Europe's Optical Illusion* and republished in 1939 under the title *The Great Illusion*. In popular culture, the book is often referred to as *The Great Illusion*. In the book, Angell's primary thesis was, in the words of historian James Joll, that "the economic cost of war was so great that no one could possibly win." British journalist and politician SIR RALPH NORMAN ANGELL (1871-1966) was an executive for the World Committee against War and Fascism and a member of the British Labour Party. In the British journal *The Spectator*, Norman Angell published a book called "The Great Illusion". Its thesis was that the integration of the European continent would lead to a world of peace and prosperity. The Great Illusion You have been invited here to experience another reality. The reality of thoughts, words and surreal images that are hidden from you within. Free kindle book and epub digitized and proofread by Project Gutenberg. So far, the international economic consequences of the war in the 1930s. Norman Angell, published a famous book titled "The Great Illusion," in 1909.
